Why we conduct ICO:

This is the most effective solution for implementing all the functionality of Tkeycoin. Additional investment could accelerate project development by providing the necessary conditions for development and scaling.

What will the funds be used for:

- Platform development and support;
- Opening of the research center;
- Scientific research;
- Scaling of Tkeycoin on the world market;
- Legal and organizational costs;
- Advertising and marketing costs.

If you have any suggestions or wish to participate and help the project, please send a request to support@tkeycoin.com
